STYLE MEETS BUDGET – DECKING DESIGNED FOR EVERYDAY LIVING

The HD Urban X Collection is crafted from a blend of recycled plastics and sustainable wood fibres, making it a smart, eco-conscious choice. Each lightweight board features a dual UV shield and anti-slip surface, built to handle Australia's harsh sun and wet weather.

Available in a range of timeless woodgrain tones, Urban X strikes the ideal balance between affordability and performance — perfect for small decks, investment properties, or budget-conscious builds.

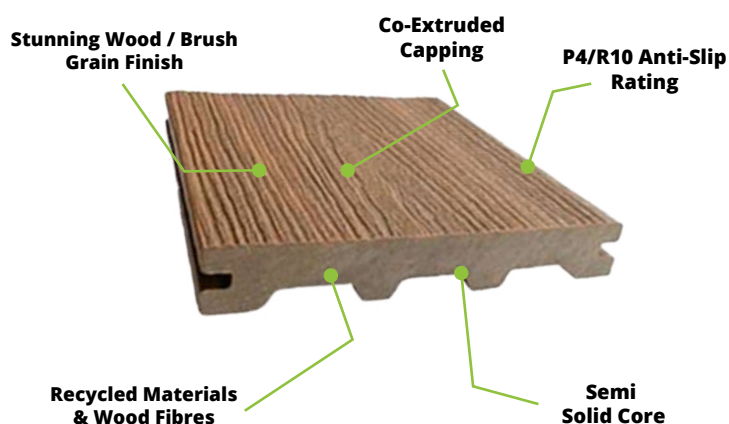

Available in matching Fascia
